While he should be studying for a geography test, Ben dreams about a voyage around the world.

Is great teaching a gift that only a few of us are born with, or is it a skill that can be learned? In Never Work Harder Than Your Students, Robyn Jackson makes a radical assertion: Any teacher can become a master teacher by developing a master teacher mindset. The master teacher mindset can be achieved by rigorously applying seven principles to your teaching until they become your automatic response to students in the classroom. The more you practice these seven principles, the more you begin to think like a master teacher: 1. Start where your students are. 2. Know where your students are going. 3. Expect to get your students to their goal. 4. Support your students along the way. 5. Use feedback to help you and your students get better. 6. Focus on quality rather than quantity. 7. Never work harder than your students. Using these principles, Jackson shows you how to become a master teacher no matter where you are in your practice. Each chapter provides a detailed explanation of one of the mastery principles, the steps you need to take to apply them to your own practice, and suggestions for how you can begin practicing the principle in your classroom right away. Jackson offers stories from her own teaching practice, as well as from other teachers she has helped, to show you how each principle works. Teaching is a hard job, but using Jackson's principles will help you and your students reap the rich rewards of that hard work.

Evidence-Based Writing for grade 4 offers 64 pages of writing practice and prompts. The book is aligned with the Common Core State Standards and includes a writing rubric, a student writing checklist, a five-page writing process practice packet, and pages of writing prompts to encourage higher-level thinking and thoughtful writing. Each writing prompt is paired with a graphic organizer to help students plan, research, and prewrite. Specific writing types taught are opinion/argumentative, informative/explanatory, narrative, and research writing. Grade 4 writing prompts include bullying, first ladies, the Underground Railroad, UFOs, making decisions, and roller coasters. An accompanying online resource offers samples of scored student writing. --The Applying the Standards: Evidence-Based Writing series emphasizes the readingDwriting connection by requiring students to read and use facts from literary and informational texts. This is a series of six 64-page books for students in kindergarten to grade 5. Various writing skills are taught in correlated activities such as prewriting, drafting, revising, editing, and publishing writing. Of particular emphasis throughout the series are the Common Core State Standards and the teaching of evidence-based writing.
