Leadership in Organizations Global Edition: Amazon.co.uk ...
Synopsis. Leadership in Organizations focuses on effective leadership in organizations through both theory and practice. This book explains and critiques the major theories and studies that are most relevant and informative and reviews what we know about leadership effectiveness. This combination of theory and practice makes this text a useful resource for practicing managers who are looking for something more than superficial answers to difficult questions about leadership.

Leadership in Organizations: Amazon.co.uk: Yuki, Gary A ...
Yuki takes an objective stance on various leadership models. Research findings are critically compared to popular theories, and he is good at raising new ideas and concepts, pointing the direction towards future studies. All in all, it is a good overview of the entire leadership landscape. This said, some of the passages are a bit dry and academic.

Table of Contents

This book is about leadership in organizations. The primary focus is on managerial leadership, as opposed to parliamentary leadership, leadership of social movements, or informal leadership in peer groups. The book presents a broad survey of theory and research on leadership in formal organizations. The topic of leadership effectiveness is of special interest.

For undergraduate and graduate-level courses in leadership. An exploration of what makes an effective leader Leadership in Organizations, 9th Edition provides a balance of theory and practice as it covers the major theories and research on leadership and managerial effectiveness in formal organizations. Rather than detailing an endless series of studies or prescribing exactly how leaders must operate, it sticks to the major findings and offers recommendations for improving managerial effectiveness. Using this approach, readers understand the implications of their decisions and can determine the best courses of action specific to the situation. With new examples, citations, and guidelines for better clarity and presentation, the text is a relevant and useful tool for students who expect to become managers in the near future.

Publisher's description: Although there are many models of leadership available, none of the advice on leadership and leader effectiveness is comprehensive enough to be of genuine use to leaders and leadership development professionals ... until now. This important book offers concrete suggestions for how to guide organizations through rapidly changing and challenging conditions.

The Second Edition of Leading Organizations offers an expanded focus on the fluid roles of leaders and participants (followers) and their mutual responsibility for organizational leadership. Like the first edition, this text contains chapters on implementing the organization's mission, structure, culture and strategy written by leading scholars in the field. New features include: - Strategic leadership - Virtual leadership - Leadership, organizational change, and conflict - Building a culture of leadership

Capitalizing on significant developments in social science over the past twenty years, this book explores both the positive and negative aspects of power, identifying opportunities and threats. It shows how managers and employees can manage power in order to make it a constructive force in organizations.

Leadership in Organizations 9e aspires to deepen the understanding of leadership in global business, both in theory and practice, by drawing perspectives from the latest advancements in international business. The chapters and cases included in this edition focus upon the theoretical, empirical, and policy and practitioner aspects of a wide range of topics including subordinate management, motivation, and job satisfaction among others. The geographical spread of topics and cases presented in the present edition provide a truly global flavor. The book is not only appropriate for use as the primary text in an undergraduate or graduate course in leadership but it also useful for practicing managers and consultants who are looking for answers to difficult questions about leadership

Shared Leadership: Reframing the Hows and Whys of Leadership brings together the foremost thinkers on the subject and is the first book of its kind to address the conceptual, methodological, and practical issues for shared leadership. Its aim is to advance understanding along many dimensions of the shared leadership phenomenon: its dynamics, moderators, appropriate settings, facilitating factors, contingencies, measurement, practice implications, and directions for the future. The volume provides a realistic and practical discussion of the benefits, as well as the risks and problems, associated with shared leadership. It will serve as an indispensable guide for researchers and practicing managers in identifying where and when shared leadership may be appropriate for organizations and teams.

'A valuable resource for academics and practitioners in management and corporate strategy, as well as those involved in management training and development' - European Foundation for Management Development 'The editors' overall assessment is that there has been insufficient dialogue between the two camps of action research and theorizing.... As a contribution to mapping this divided house, the text is an apt illustration of these problems. The editor's overview is of interest...' - Stephen Gibb, University of Strathclyde, MCB University Press The debates surrounding concepts of 'organizational learning' and the 'learning organization' receive a welcome synthesis in this book.
