we have effectively removed the third possibility above by redefining the goal of science: our aim is to formulate a set of laws that enables us to predict events only up to the limit set by the uncertainty principle. The second possibility, that there is an infinite sequence of more and more refined theories, is in agreement with all our experience so far.

we have effectively removed the third possibility above by ...

In fashion, those who make a mark are those who dare to go beyond convention. In '70s Paris, it was Kenzo Takada. And today in 2020, the brand he left behind remains the benchmark for creating ...
